If Yes, brief description: ____.

Claim(s) discussed: 1, 11 and 47.

Identification of prior art discussed: Prior art of record.

Agreement with respect to the claims f) ☐ was reached. g) ☐ was not reached. h) ☒ N/A.

Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The proposed amendments to claims 1 and 4 contained negative limitation (i.e. without etching) the Examiner suggested to change the negative limitation and still differentiate that the etching of the mask happens in a different process before the etching of the conductive pattern. Regarding claims 7 and 11, Applicant argued that the prior art of record does not show a decrease in angle, which the reference seems to lack.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
